PROFESSIONAL OBJECTIVE

To teach at the elementary and/or middle school level, at a school that focuses on a Science, Technology, Engineering and Mathematics curriculum which enables the students to take an active role in their learning and acquire ownership of their knowledge.

PROFESSIONAL EXPERIENCE

Fifth, Third, and First Grade Teacher: 2004 to Present, Ann J. Kellogg Elementary School, Battle Creek, MI

- Use of 1:1 laptops in fifth grade classroom.
- Facilitate technology integration across the curriculum with a focus on Science and Social Studies Webquests.
- Strong use of technology to create 21st Century readers.
- Facilitator of literacy professional development-Writer's Notebook and Writing to a Prompt.
- Experience with preparing upper elementary students for the MEAP assessment by utilizing a MEAP based "toolkit", Study Island, and other self-created MEAP based items.
- Experience with integrating necessary MEAP skills at the lower elementary level to help prepare for upcoming assessments.
- Taught 17 to 30 students of varying socio-economic backgrounds.
- Use the "Learning Network" idea for Language Arts instruction along with Guided Reading, MLPP forms of assessment, and Fountas and Pinnell running record system.
- Experience with author and genre studies (self-created and Lucy Calkins Writing Units).
- Experience with the Investigations math program.
- Experience with ADD/ADHD/ODD symptoms and strategies to use in the classroom.

Fourth, Second, and Third Grade Teacher: 2000 to 2004, Wilson-Edison Academy, Battle Creek, MI

- Taught 20 to 25 students of varying ethnic and socio-economic backgrounds.
- Looping Instructor- Looped from second to third grade.
- Served as Writing Coordinator for three years.
- Use of online assessments (EdPerformance) to locate students academic needs.
- Used the Success For All reading program and Everyday/Chicago Math program.
